Services

Fetch & Zoomies \$15

Private playtime in a fenced in area with a team member. Frisbee, tug, ball, or any play your dog is enjoying. Physical activity and mental stimulation. Dogs love this!

Outdoor walks \$15

@Uncommon Dog on our own private trails! Your pup will go on a leashed walk with their own person. Your dog sets the pace stopping to sniff and explore whatever they want. We have abundant wildlife and a variety of terrain keeps things interesting. If your pet is not leash trained they are not a suitable candidate for this service. Please see other choices such as one on one playtime or treadmill walks.

@ Carden our walk is outdoors with staff on a leash. Enjoy spending some time outside in the big back yard here at Carden and walking across Ohio St to Bean Estates road, a residential dead end street. They get their own person so they can enjoy all the sniffing and stopping they want on this fun outing. If your pet is not leash trained they are not a suitable candidate for this service. Please see other choices such as one on one playtime or treadmill walks.

Trail run or hikes - \$20

There are only 2 spots daily for this service. You must agree to having your pet transported in our vehicles. Love to ride? Love to hike? Let's go! We use the Bangor City Forest, Brown woods, Prentiss woods, the Kenduskeag Stream trail, or the Kiski Trail system in Dedham. These are staff and pooch favorite things.

Lure coursing - \$20

How do you satisfy your dog's high-energy, inner instincts? Lure Coursing may be the perfect answer! It's an exciting way for him to do what comes naturally, but in a safe, controlled environment. In this event, dogs chase a mechanized, white plastic lure around a course that simulates the unpredictability of chasing live prey. Zig-zagging across a big, open field is simply heaven for these dogs! At the same time, it helps improve their focus, agility and sportsmanship.

Brunches and treats vary by season and location. We can offer your little one a variety like house made bedtime cookies, stuffed kong type toys, brunches or licki mats! These can be added through the portal or talk to a canine concierge at either location to make sure your fur baby is getting all the extras!
